BOOK SYNOPSIS

With inclusive education becoming the norm in schools nationwide, teachers must educate their students while addressing the non-academic needs of children with special needs, such as autism and Aspergers Syndrome. They need ready-to-use lessons that wont interfere with their curriculum. QUEST (Questioning, Understanding, and Exploring Social Skills and Pragmatic Language Together) is a social skills program created to help middle school students who struggle with pragmatic language and social skills. Students meet 2-3 times weekly for 45 minutes. Developed from evidence-based research, this program implements hands-on activities, games, and role-play. Parents are kept in the loop with email updates and evaluations. Also includes a CD of printable worksheets!
