BOOK SYNOPSIS

Clinical Laboratory Hematology, Third Edition, continues its stellar reputation as a comprehensive, yet reader-friendly, resource for all levels of hematology laboratory education, offering a visually engaging design and effective learning features that help students master the content. The texts teaching and learning package includes an Instructors Manual, PowerPoint presentation slides, a test bank, image bank, and a companion website with resources for both instructor and students. Teaching and Learning Experience: Designed for both MLT and MLS students, the text provides a beneficial and economical resource for laboratory science programs that offer both levels of instruction and includes a wealth of learning features. Each chapter features a consistent format with a striking visual design, making it easy for the reader to find information on each topic. Complemented by a variety of ancillary materials designed to help instructors be more efficient and effective and students more successful.
